

D/C Draft Retreat Agenda – Thursday September 15 8:30a-1p – Sylvania Conference Room A

Below is the draft Agenda. We can add, move or delete some items when we all gather: Note that we have an hour overlap with the Curriculum Committee Members

8:30a -Breakfast (my understanding is that this is the full breakfast, so come hungry)

9a- 11a - In no particular order:

1. General Education course listing - Steve Smith
Currently, in an AAS degree, when general education courses are required in a specific area, such as social sciences, we have ask that the area be specified. Curriculum Office wants to standardize the language to general education requirement and drop the specific area in the catalog. Rationale: Degree works offers this level of detail.
2. Sub-100 courses - Scott Huff
Ongoing state discussions indicate concern about sub 100 courses in any degree and certificate. We need to review where we are with this issue and what, if any further discussion and recommendations are needed
3. CMET 121 satisfying AAS math competency - Rebecca Mathern
We approved last year that CMET 131 could be used to meet the math competency for AAS degree in CMET. An issue has come up in the registrar office that requires us to revisit this
4. AS Degree Requirement Revision: The following AS Degree requirement revision was recommended by us to Dr. Pulliams, who approved it Feb 2010. The Health and PE revision did not make it into this year's catalog and will not be implemented until Fall 2012.
AS Degree Requirement Revision
1 - Math and Writing requirement remain the same, grade of C or better
2 - Health and PE grade requirement be revised from a minimum of D to C or better to be in alignment with the other AS Degree core requirements of Math and Writing and the AAOT grading standard
3- Gen Education list/discipline studies list grade requiemtn would remain the same, which is accepting D grades
5. RI and AAS Degrees Update – Kendra
6. Course Repeatability - Rebecca
We started with discussion in 10-11 and tabled it for several reasons. We have been asked to resume the discussion. Questions before us (there may be more): How many times may a student take a course for credit and have that credit apply towards a degree? If a student has credit from a course for taking it more than once, how does the additional credit apply toward the completion of a degree?

Joint Session with EAC Curriculum Committee

Continuation of Course Repeat Discussion

General Education/Discipline Studies List

Noon - 1pm Lunch - D/C Retreat concludes at 1pm.
