

Margaret Carter Skill Center

Margaret Carter and James Bowles

Margaret Carter Skill Center

Assist the unemployed and underemployed:

- Toward being self-sufficient through basic educational and occupational training
- To meet and match labor market opportunities

Provide workforce tools to:

- Help students adults and youth in the community
- Build bridges to their own future in obtaining living wage jobs

Skill Center Program Goals:

Our students will learn:

- Emotional Intelligence – how to be sensitive to the needs of others
- Logical/Practical Intelligence – how to solve problems and overcome obstacles
- Social Intelligence – how to work effectively with others
- Personal Intelligence – how to master basic workplace and educational skills
