

**Portland
Community
College**

Schedule

- **September 11** - Updated Sylvania status memo from SW Corridor project staff.
- **September 14** - SW Corridor Steering Committee meeting: Director Frisbee spoke to the committee.
- **October 12** - Steering Committee to make a recommendation on light rail or bus rapid transit.

Update

- Director Frisbee update on Sept. 14 meeting
- PCC Mode split information
- College investment in transportation
- Direct vs. Indirect option:
 - Direct
 - Less transfers for our students and assurance of services
 - Indirect
 - Alignment stays on Barbur Blvd. Trimet would shuttle our students from Barbur up to Sylvania
 - Concerns: Economy is good – money is available from Trimet.

Update

- Indirect continued...
 - Recession: Trimet cuts back on services – no guarantee
- Memo from Board to SW Corridor Steering Committee
 - Things to think about:
 - Would be a regional connector between our campuses and centers.
 - Lack of developable land at Sylvania, except for parking lots.
