STEM

STEM Science, Technology Engineering, & Math

THE STEM CENTER AT PCC

Empowering K-12, college students
and the community by creating a
pathway to college and career success
by utilizing Science, Technology,
Engineering and Math

Healthy Diet

What does a "healthy diet" really mean?

What constitutes a "healthy diet"? It can mean different things to different people.

Dr. Debra Galba-Machuca,
Human Anatomy and Physiology

Join Dr. Galba-Machuca as she presents research on what constitutes a healthy diet and how what you eat impacts your overall well-being.

Leave with a diet plan and the understanding of how to modify it to meet your specific needs. The plan works both as a "healthy" eating plan as well as a plan for weight loss.

Wednesday, March 9th from 12:00 – 1:00 p.m. in the STEM Center SE SCOM 231
