APPLY TO THE STATE BOARD OF EDUCATION FOR
APPROVAL OF THE ASSOCIATE OF APPLIED
SCIENCE IN LANDSCAPE TECHNOLOGY:
MANAGEMENT

PREPARED BY: Sally Earll, Curriculum Coordinator

FINANCIAL
RESPONSIBILITY: Erika Heider, Interim Division Dean, Science and
Technology, Portland Community College

APPROVED BY: Dr. Christine Chairsell, Vice President, Academic and
Student Affairs
Dr. Preston Pulliams, District President

REPORT: The proposed Associate of Applied Science in
Landscape Technology: Management prepares
individuals for employment in the landscape industry. The
degree replaces the current two-year certificate in
Landscape Management. The Landscape Technology
advisory committee and the faculty determined that the
students would be better served by the college and better
prepared for a leadership position in the industry if they
earned an Associate of Applied Science rather than a
certificate. A majority of the coursework in the Landscape
Technology: Management degree is shared with the
existing Associate of Applied Science in Landscape
Technology so by state standards it is considered a
degree option.

RECOMMENDATION: That the College be authorized to submit an application
to the Oregon State Board of Education for an Associate
of Applied Science in Landscape Technology:
Management for Portland Community College.
